

## BELLASSIMO

The colors within our Bellissimo Collection fuse versatility with beauty. Each of the colors are engineered to help you create an environment that impacts everyday lives.

The designs themselves are inspired by the flow of nature: ocean waves, winds rustling trees, shifting sands and craggy stone, making them a perfect fit for a range of stylistic choices, from modernism to something timeless.

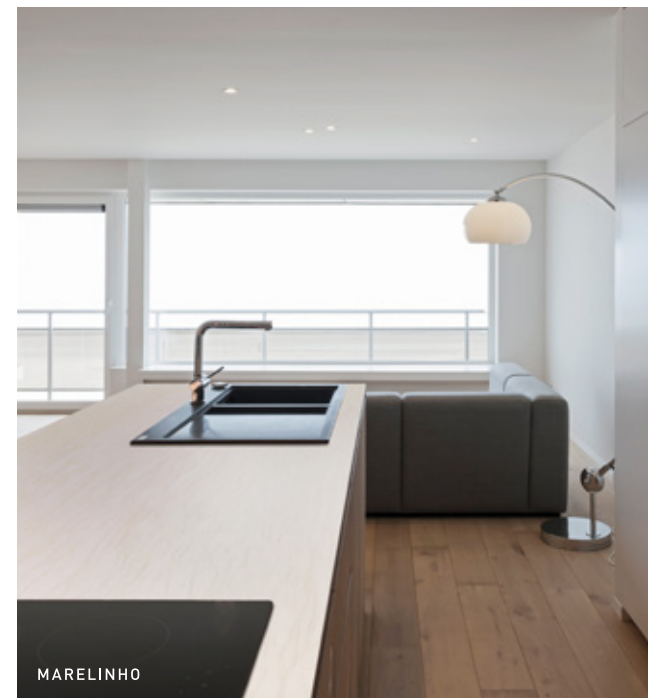

## STRATUM

This set of premium solid surfaces is inspired by the wispy movement and strata patterns within rocks and stones. The collection's timeless colors and styles offer incredible vibrancy, beauty and versatility—each can be effortlessly shaped into almost any form or structure by molding, machining or other appropriate processing.

This means they're undeniably ideal for countertops, shower walls and commercial interiors. Beyond that, Stratum can be used for interior accessories like clocks, frames, or chairs, and many, many others.

## ELEVATE LIFE™

At Hanex Solid Surfaces, we are driven by the desire to make products that enhance life's journey. We continually push the boundaries of what is possible so we can meet the demands of today's diverse surfacing applications in homes, schools, healthcare facilities, hotels, restaurants, retail stores and more. Our goal is to enrich the lives of the people who live, work and play in those spaces by understanding what really matters, beyond aesthetics alone. Or quite simply **ELEVATE LIFE.**

Hanex®  
Solid  
Surfaces  
ELEVATE LIFE™

Hanex Solid Surface's 135,000 square foot manufacturing plant, located in Texas, features the most state-of-the-art production equipment available with the capacity to produce solid surface sheets up to 60 inches wide. These wide sheets allow for a much higher degree of flexibility and efficiency in fabrication and installation. Additionally, our plant's central location allows us to maximize product availability and better serve the solid surface market with American-made products.

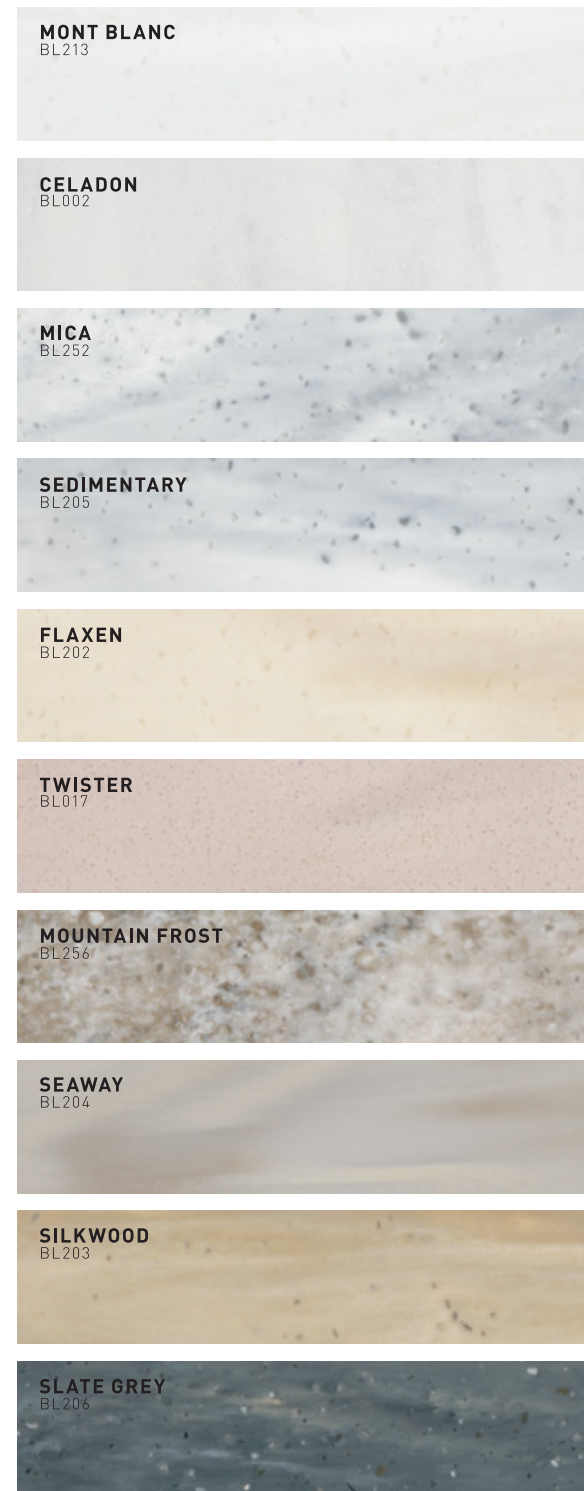

Hanex Solid Surfaces is committed to delivering products made to perfection. For more information, please refer to the resources section at [www.hanexsolidsurfaces.com](http://www.hanexsolidsurfaces.com)
